

Home Safety Checklist

Smoke Alarms

- There is one smoke alarm on every level of the home and inside and outside each sleeping area.
- Smoke alarms are tested and cleaned monthly.
- Smoke alarm batteries are changed as needed.
- Smoke alarms are less than 10 years old.

Cooking Safety

- Cooking area is free from items that can catch fire.
- Kitchen stove hood is clean and vented to the outside.
- Pots are not left unattended on the stove.

Electrical & Appliance Safety

- Electrical cords do not run under rugs.
- Electrical cords are not frayed or cracked.
- Circuit-protected, multi-prong adapters are used for additional outlets.
- Large and small appliances are plugged directly into wall outlets.
- Clothes dryer lint filter and venting system are clean.

Candle Safety

- Candles are in sturdy fire-proof containers that won't be tipped over.
- All candles are extinguished before going to bed or leaving the room.
- Children and pets are never left unattended with candles.

Carbon Monoxide Alarms

- Carbon monoxide alarms are located on each level of the home.
- Carbon monoxide alarms are less than 7 years old.

Smoking Safety

- Family members who smoke only buy fire-safe cigarettes and smoke outside.
- Matches and lighters are secured out of children's sight.
- Ashtrays are large, deep and kept away from items that can catch fire.
- Ashtrays are emptied into a container that will not burn.

Heating Safety

- Chimney and furnace are cleaned and inspected yearly.
- Furniture and other items that can catch fire are at least 3 feet from fireplaces, wall heaters, baseboards, and space heaters.
- Fireplace and barbecue ashes are placed outdoors in a covered metal container at least 3 feet from anything that can catch fire.
- Extension cords are never used with space heaters.
- Heaters are approved by a national testing laboratory and have tip-over shut-off function.

Home Escape Plan

- Have two ways out of each room.
- Know to crawl low to the floor when escaping to avoid toxic smoke.
- Know that once you're out, stay out.
- Know where to meet after the escape.
- Meeting place should be near the front of your home, so firefighters know you are out.
- Practice your fire escape plan.

The Family's Fire Safety Checklist

EVERYONE in your family has a role to play in your home's fire safety. Both adults and kids should be familiar with smoke alarms and home fire escape planning.

Kid's Checklist

- Does your home have smoke alarms on every level, inside each bedroom, and outside each sleeping area?
- Do you know the sound that a smoke alarm makes?
- Do you know what to do if you smoke alarm sounds?
- Are all the exits in your home clear of furniture, toys, and clutter?
- Can you see the number on your house from the street (have a grown-up go with you to check)?
- Has your family picked a safe place to meet outside if a fire occurs?

GROWN-UP'S Checklist

- Are the batteries working in all your smoke alarms?
- Does your home have interconnected smoke alarms (when one sounds, they all sound)?
- Do you test the batteries in the smoke alarms at least once a month?
- Does your family have a home fire-escape plan that includes two ways out of each room?
- Does your entire family practice your plan twice a year?

DO THE DRILL! *Follow these easy steps to complete a fun family fire drill!*

1. Call the family together. Let everyone know that you are going to do a practice fire drill.
2. Explain that when the smoke alarm goes off, everyone should quickly and carefully leave the home and go to the Outside Meeting Place.
3. Ask everyone to go to a different room and wait for the alarm. After several minutes, set off the smoke alarm by pushing the test button and watch your family's actions.
4. When everyone reassembles at the Outside Meeting Place, ask each family member to explain exactly what they did when the alarm went off.
5. Review any questions and repeat the drill at least one more time.
